

JUNE UPDATE

STRENGTHENING FAMILIES INITIATIVE AWARDED GRANT FUNDING

These grants will support:

1. Home visiting
2. Parent support groups
3. Supplies
4. Childcare

Along with:

more training opportunities, increase in staffing, easier access to services, and development of other offerings

Thank you National Life Group and Vermont Children's Trust Foundation for your support!

The Vermont Children's Trust Foundation Grants work to:
Affirm and promote positive family functioning;

Work to positively impact societal forces that affect parents, children and youth;

Strive for coordinated and effective youth services, including service to at-risk youth;

Promote racial equity and reduction of race disparities.

National Life
Group®

National Life Group provides grants that prioritize ending childhood hunger and address children's mental health.

Do good. Be good. Make good.

HOW WE PLAN TO USE FUNDING

- Expand parent/child support groups led by mental health professionals
- Provide educational skill building and peer support opportunities for families
- Offer childcare during programs to increase caregiver participation
- Expand home visiting services for families with young children
- Increase access to behavioral parent coaching and mental health supports
- Reduce barriers by offering childcare, transportation and program materials
- Reach and engage with families who may be hesitant to access services
- Strengthen parent confidence, skills, and family well-being

HOW YOU CAN HELP

We need your help to keep our family wellness and mental health services accessible and available in our community!
